The Classic Fraser Fir is a quality, true-to-life replica of the Fraser fir, a signature Christmas tree grown in great outdoors of North Carolina, and considered the nation's best by the Christmas tree industry. This beautiful Fraser Fir Christmas Tree features lifelike Real Feel™ branch tips that mimic the lush outdoor foliage of its natural counterpart, with PVC needles for added fullness.

A number of pre-lit Classic Fraser Fir models are available with our convenient Quick Set™ lighting system. This innovative technology automatically connects every branch's light strings to the trunk as you set up, so all you need is a single plug to illuminate every section of your tree. In addition to Clear and Clear LED lighting options, our Classic Fraser Fir is offered with Color Changing LED Lights. This option provides you with 4-in-1 LED lighting choices: 1) clear, 2) multicolored, 3) alternating from clear to multicolored, and 4) off. The same LED bulb changes from clear to colored light (yellow, red, blue, or green), giving your Fraser Fir Christmas Tree a different look with just a click of a button.

Crafted with Real Feel needles that match our Fraser Fir tree perfectly, our Fraser Fir wreath and garland set is made more verdant with lush PVC tips. For added convenience, our pre-lit LED option operates with a battery pack and timer that automatically lights your Fraser Fir wreath every evening. Enjoy the wondrous holiday ambiance in a home adorned with the Classic Fraser Fir wreath and garland from Tree Classics.
